Ayer's OR RESTORING GRAY HAIR TO ITS

NATURAL VITALITY AND COLOR. It is a most agreeable dressing, which s at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brashy, weak, or otherwise diseased hair, it imparts vitality and strength, and renders it pliable.

The Vigor cleanses the scalp, cures and revents the formation of dandruff; and, by its cooling, stimulating, and soothing properties, it heals most if not all of the numors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible.

As a Dressing for Ladies' Hair, The Vigor is incomparable. It is coloress, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsurpassed in its excellence.

AGNES DESPECTFULLY announce that their NEW ACADEMY, which was finished last June, will be opened for the reception of pupils as soon as the health of the city permits. Almost every arrangement has been completed for the comfort of those who may be committed to their care, and the Sisters hope that the perfect renovation of every portion of the building and the thorough draining of the grounds during the past year, added to the fact that no case of fever or any disease whatever has occurred there, will be a sufficient guarantee to their friends and patrons of the healthfulness of the place, after the present season of danger shall have passed away October 1, 1879.
